

ABSTRACT OF THE DISCLOSURE

Local drug delivery medical devices are utilized to deliver therapeutic dosages of drugs, agents or compounds directly to the site where needed.

- 5 The local drug delivery medical devices utilize various materials and coating methodologies to maintain the drugs, agents or compounds on the medical device until delivered and positioned.

Pursuant to 17 U.S.C. § 401, this document contains neither recommendations nor conclusions of the U.S. Food and Drug Administration. No approval by the U.S. Food and Drug Administration is implied.
